FYI – Melanie has done some tweaking and is asking for more items. I might not get the final copy from you all until Monday am.

I worked on this doc a bit and I have some questions for Phil. I think there are questions that were posed to them and we don't have the answers in the document itself. I added their response for one of the EJ items.

Phil – please see the highlights in yellow. Where we know the response to a question we were asking them, please complete their response.

For the EJ grant item, is Danny going to be available or should we plan on Mark or Corbin covering that item?

Thanks Mark – If Deb asked for it, I won't argue 😊.
I think we should be able to keep it pretty short.

My recollection was the meeting was to touch base on talking points, leads for each session, and determine who needed to attend the meeting. I'm not sure that warrants another meeting, but I think Deb asked for it?

Mark, Carl:

Since we already had a prep call with Deb, and we are preparing talking points for each agenda item, do you see the need for the second prep call on Monday? I feel like we should be set for the meeting with the Utah Physicians and their colleagues, but it appears that somebody requested Monday's meeting and I'm not sure who. Do you have any intel?

Thanks - Phil

I'm out on Monday, but Kimberly Pardue-Welch will participate on the prep call for LCRD.

Karen

I think the document posted on the Teams site should be sufficient.

Also I noted that Melanie and Mark are optional for the prep call and the Weds call with the Dr. Moench. Since EJ and EJ grants are on the agenda maybe they should be on both calls?

Hi

Will there be a briefing paper or talking points for the Monday PREP meeting for the Utah Inland Port meeting?

Maybe just take Phil's list of Q&As and save them for Deb?

Just wondering, thanks!
